### IMMEDIATE RELEASE

#### **Anaheim Resort Transportation Welcomes Opening of Angel's Season**

*Transit Operator is a Preferred Choice for Locals and Visitors Going to Anaheim Stadium*

Anaheim, CA (March 30, 2017) – Today Anaheim Resort Transportation (ART) announced that they will once again be the preferred choice for baseball fans headed to Anaheim Stadium. Each year, ART provides transit service to thousands of Angel's fans attending home games in Anaheim.

"Like most Anaheim residents and visitors, we are excited that the baseball season is getting ready to begin, and ART is pleased to again be the preferred choice for Angel fans looking to get to the game. We provide baseball fans a way to get to and from Anaheim Stadium via our fleet of clean-fuel vehicles. Our service not only make it easier for Angel fans to get to the stadium, but in doing so they will be reducing air emissions in and around the resort district," said Diana Kotler, Executive Director of ART.

The Angels will officially kick-off the 2017 baseball season against the Oakland Athletics on April 3rd in Oakland. On Friday, April 7th, they will play their home opener and kick-off a three game home stand against the Seattle Mariners at Anaheim Stadium. ART provides public transit services to and from Anaheim Stadium from numerous locations in and around the Anaheim Resort area. Roundtrip fare for adults are \$5.50, and only \$2.00 for children and seniors.

"Baseball season is an exciting time, not only for Anaheim residents, but for the many guests who visit Anaheim. Our community is fortunate to be home to so many world-class attractions, including the Angels and the Anaheim Ducks," said Diana Kotler. "As baseball fans prepare to enjoy the new season, we encourage them to again make ART their preferred transportation provider to and from games."

For information on ART's transit routes and fares, visit [www.rideart.org](http://www.rideart.org).
